Dear Jules,

On behalf of Liverpool Football Club, thank you.

It is always a very tough gig doing transport for over 100 people, when plans change and times move constantly! You camping out with us from dawn until very dark was greatly appreciated and the 'just in case' vehicles you had on stand by were needed and appreciated. Your drivers were all great and we loved our stay in Adelaide, everything was so easy to manage.

Your patience was greatly appreciated and hopefully we haven't aged you too much. Please pass on our thanks to all of your drivers.

If you are ever in the UK, please do let us know and we'd be delighted to have you to a home game.

Yours sincerely,

Olly Dale
